We, the Seniors of Churchland High School, travel through a looking glass into our past years here at C.H.S.

Since there is only one character in all fictional history who ever traveled through a "Looking Glass," we turn to Lewis Carroll's immortal ALICE.

With Alice we enter through the Looking Glass, recalling pleasant memories of 1953 spent at Churchland.

Dedication

MR. ANSON F. WILCOX

As an expression of gratitude, friendship, and appreciation for his loyal service and helpful guidance, we, the Senior Class of Nineteen Hundred and Fifty-Three, do sincerely dedicate this, THE TRUCKER to our unforgettable, Mr. Anson Wilcox.

Senior Class Prophecy

The year is now 1963. Let's take a short trip to a New York airport, where there are a few special people arriving. Maybe you will remember some of them, their faces are familiar. Here comes the big silver plane now. It lands and the passengers are about to step down.

The first couple we see are the famous movie stars, Mr. Frederick Fletcher and Miss Charlotte Martin. They have just made a new film, "The Great Lover."

Here comes one of the best women scientists in the world today, Dr. Carolyn Garrenton. With her is the famous brain surgeon, Doctor Donald Sly.

Why, what's this? There is some music coming from somewhere. Oh! Now we can see, it's none other than Dicky Scott and his band, "The Hot Scott Skippers." They are marching down the runway led by Miss Patsy Bush, who is twirling her well-known diamond studded baton.

There is Mr. Buxton Norfleet, you've heard of the Norfleet Models haven't you? Well, here he is now with three of his beautiful girls: Miss Betsy Anne Dixon, Miss Beverly Butler, and Miss Lois Hughes. Mr. Norfleet is talking to someone. let's see who it is. Why, it's the star of the T.V. show "The Quiet Man," Mr. Hilton Whitehurst.

Suppose we go over and listen in on some of the conversation of the engineers who have arrived for a convention. Mr. Arthur Halstead, who is head of the State Agriculture Engineers, and Mr. John Vick, a Mechanical engineer, and Mr. Robert Tolson, the renowned electrical engineer are discussing a problem of where to get lunch. They finally decide to go to Miss Mina Hale's swank Drive-in-Restaurant.

There is someone limping out of the plane. It's the new champion stock car racer, Mr. Bill "Speedy" Hagy. With him is the highly talked of criminal lawyer, Mr. Larry Wise.

Mr. James Jean, the coach of the U. S. International Football team, just stepped down with one of his best players, Lanny Sly. Also, with Mr. Jean is the famous women's basketball star, Miss Jackie Tigner.

The hostess' of the plane, Miss Shirley Wilfong, Miss Susan Oldfield, and Miss Judy Brooks, have just called for the baggage boys to help the multi-millionaire, Glenn Whitlock, carry his money. Following him is his secretary, Miss Jo Ann Branch.

Next to step out are the famous Toni Twins, Bobby Sue and Betty Lou Troutman. Right behind them we can see, because he stands almost two feet higher, the U. S. Basketball champion, Mr. Leon Remmington.

Well, what a surprise this is! There is Mr. Sam York, who just became Mr. America. The lovely girl beside him is "The Potato Chip Queen," Miss Marlene Dixon.

Stepping out of the plane now is Mr. Jay Garrett, "The Speed Boat King," who just set a new world record.

Next is Reverend Irvin Johnson with the famous artist, Robert Albertia.

There is Mr. Louis Schiemann, who owns one of the biggest cattle farms in the United States, discussing the problem of Bug-Control with the bacteriolegist, Robert Thompson.

Miss Martha Whittaker, who is one of the ten best dressed women in the United States, is talking to Joyce White, the owner of a big chain of dairies, about a book. If we listen close enough we will find that it is one of Joyce McLain's new novels.

Here comes Miss Janet Muse, the famous dancing teacher with several of her students.

To finish the procession, out steps Miss Mary Sue Meads, socially prominent debutante, with a midshipman on each arm.
